- School Farm Initiative
- Middle School Mentorships
- Intervention Groups for Grades K-8
- Partnership with the Original Six Foundation

ABOUT CBSA

Creek Bridge STEM Academy is a K-8th grade school in Marion County. CBSA represents the lower parent of Marion County and merged the former Britton's Neck Elementary School with Creek Bridge Middle/High. Our warriors have access to a state of the art STEM lab and we are a 1:1 school with technology. Our school hopes to blend our love of the outdoors, garden, and newly founded farm with the innovative technology in our STEM lab. This year students have set personal goals and worked hard to achieve them. We've set our minds to "Go, Grow, Know and Show". Set some goals, work hard and celebrate when you get there!

PURPOSE OF THE REPORT

This report is issued by Creek Bridge STEM Academy Improvement Council in accordance with South Carolina law to share information on the school's progress in meeting its goals and objectives in the school's school renewal plan.
