

SIC Mission

The School Improvement Council (SIC) at Boundary Street Elementary plays a vital role in supporting the success and continuous growth of our school community. The SIC is responsible for generating the annual School-Parent Compact, a collaborative agreement that outlines shared responsibilities for student achievement. Additionally, the council reviews and provides input on the school's strategic plan to ensure alignment with our academic goals and student needs. Each year, the SIC also contributes by writing the school narrative for the School Report Card, highlighting our school's progress, strengths, and areas for improvement.
