NMS SIC REPORT TO THE PEOPLE (2022-2023)

Dear Parents & Stakeholders:

It is with great pride that I present you with the 2022-2023 Report to the people. Our school has enjoyed success academically, through the arts, and on the athletic fields this school year. We are proud of our diverse student population and of our community. We are equally proud of Newberry Middle, a school that is a direct reflection of our involved and supportive community. I applaud the efforts made by our student body, faculty, staff, and community stakeholders as we continue to pursue the goal to make NMS the best school it can be!

The Purpose of the Report:

As required by Act 135, the School Improvement Council at NMS has prepared this annual school summary to provide an update of our progress toward the school's major goals as indicated in our school improvement action plan. This report also includes accomplishments and test data from last year, as well as school improvement activities planned for this school year. Please take time to review this information and contact the school if you have any questions regarding this report. Your suggestions concerning the improvement of our school program are always welcome.

Note on Missing Data: On March 26, 2021, the U.S. Dept. of Education waived federal accountability requirements and granted flexibility in administering assessment due to COVID-19. The results displayed within this report card should not be compared to those of other years due to the testing limitations as a result of the pandemic. In addition, these results may be incomplete and may not be representative of the make-up of the State, district, or school population.

Whatever it takes, OUR kids ARE worth it!
