Introduction

This report is provided to parents in compliance with the Education Finance Act (EFA) of 1977, the Education Improvement ACT (EIA) of 1984, and the Elementary and Secondary Academic Act (ACT 135) of 1993. It presents information about our progress towards our school renewal plan goals.

Our School Improvement Council reviews our goals and achievements and reports progress to our school family and community. Ravenel believes that we must all work together because "Education is Everybody's Business!".

Mission Statement

Our mission is to provide a strong foundation for our students future success.

What We Believe

- All students can learn.
- It is our charge to educate the whole child.
- Student learning is the primary focus of the school and each child has the right to achieve his/her potential.
- The school thrives when all students and community members share a sense of duty to one another.
- Students succeed when they are empowered to make appropriate decisions and accept responsibility for their choices.
- School should be a place where respect, responsibility, and honesty exist and where students feel safe.
- On-going assessment should drive the curriculum and should determine the instructional needs of individual learners.
- Home, community and school work together to benefit all students.
