Technology in the Classroom

La France is immersed in technology with support from our board and district technology staff. Our students and staff have the use of digital cameras, chromebooks, interactive learning panels in the classrooms, and a computer instructional facilitator. As part of our "1 to

World" initiative, all students have all been issued a digital device. Our fourth, fifth, and sixth grade students also have chromebooks that can be used at school and at home for instructional purposes.

Bring on the Kids!

Our doors open to car riders and bus riders at 7:30am each school day. Bus riders are dismissed from class daily at 1:45pm and car riders are dismissed at 2:00pm each day. It is important for everyone to be at school on time each day, unless you or someone in your family is sick. Please communicate with the school nurse if your child is sick.
