

About Our School

This has been the year of learning how to adapt to a “new normal” at Holly Hill-Roberts Middle School! Our faculty and staff members have had to make major adjustments to how we educate both our face-to-face and virtual learners.

Before the pandemic, we were already using a host of teaching and educational technologies every day in our classrooms, with many built to support distance learning in some capacity. In addition to technology, HHRM has been experimenting with a variety of delivery methods such as blended learning to help offer personalization and choice to the way our students learn.

All efforts will continue to support our motto: Whatever It Takes! Our incredibly dedicated teaching staff keeps our focus on creating an academically engaging and relationship-building culture as we continue to challenge ourselves to be better at everything...every school year. We seek Progress...not Perfection!

“Whatever It Takes”

Purpose of the Report

“This Report is issued by the HHRM School Improvement Council in accordance with South Carolina law to share information on the school's progress in meeting various goals and objectives, the work of the SIC, and other accomplishments during the school year.

Holly Hill-Roberts Middle School

Our mission is to produce life-long learners capable of succeeding educationally, globally, socially, and technologically to their full potential in school and in society while instilling in them a sense of responsibility for their learning in a healthy, safe and risk-free environment.

Report to Parents 2020-2021

Dr. Beverly Yeadon~Instructional Coach*

SIC Annual Goals

#1 The HHRM SIC will continue to collaborate with each other to educate students and parents about the importance of maintaining an open line of communication between the parents and the school. This goal will also include supporting our students' social and emotional health, facilitating an increase of male role models in our school.

#2 The HHRM SIC will work with staff and administration at HHRM in continuing to review, discuss, and provide input on school-wide data. Look for helpful solutions for our students who lack materials and supplies needed during the school day. Continue to support school events and programs.

#3 The HHRM SIC will work with staff and administration at HHRM to help educate students and parents about the pros and cons of technology/social media use. Specifically, we will focus on how to use technology and social media in positive ways to impact future relationships.

#4 The HHRM SIC will work with staff and administration at HHRM to help educate students and parents about the support needed for implementing a safety task force and its initiatives.

Points of Pride!!

Student art work on display at the Orangeburg Fine Arts Center!

Teacher of the Year
Mrs. Valarie McMillian.*

Technology Integration

All students were issued Chromebooks during the academic year to support learning at school and home during COVID-19. We used a variety of methods such as Microsoft Teams, Canvas and Kami to ensure a safe and meaningful use of technology.

The availability of technology for every student allowed teachers the ability to accept student work and provide feedback in real time. It also brings the world into our classrooms which allows students to make their learning relevant.

Our teachers also have been equipped with digital smartboards and OWL's in their classrooms to create more meaningful and engaging lessons all the while helping to maintain social distancing in a safe, comfortable environment.
