CLASSROOM HIGHLIGHTS

INSTRUCTION

Our highly qualified teachers use state standards and aligned curriculum programs to support student learning. Programs such as *Into Reading*, Eureka Math, Leveled Literacy Interventions, Handwriting Without Tears, and more. These resources support whole group, small group, and individual instruction.

ASSESSMENT

Assessments are used to get the most up-to-date and accurate understanding of student progress. In K-6th grade, we use MAP diagnostic testing three times per year for math and reading progress. Other assessments are for specific grade levels or grade bands such as SC Ready for 3rd-6th grade, KRA for K5, and MYIGDIS for K4.

TECHNOLOGY

We are committed to providing opportunities for students to be immersed in technology with ClearTouch Boards, Chromebooks, and tablets. We use technology programs for math support, including Dreambox, Reflex, and Happy Numbers.
