School renewal plans are due to me by Friday, March 29. Please keep the items below in mind.

- Submit a hard copy of the Signature Page to my office. Make sure to include the signatures of the principal, School Improvement Council Chairperson, and School Read to Succeed Literacy Leadership Team Lead. My office will secure the signatures of the Superintendent and Board Chairperson.
- Update the Needs Assessment with the data that you currently have.
- Update the Executive Summary to reflect your analysis for the 23-24 school year for the data that you currently have.
- Update your Performance Goals with your actual data that you currently have. Keep in mind, you may not have all of this data if your goals were based on data sources such as SCREADY, EOCEP, and/or SDE Climate data. We will update our plans again, once this data is available.
- Email me a copy of your reading plan.

Thank you for your cooperation and assistance.
