

Robert E. Howard Middle School serves 427 students in grades sixth through eighth. We are committed to meeting the unique needs of every student and educating the “whole” child. Our programs include a variety of academic and related arts opportunities, along with various student organizations that help prepare our students for high school, college, and career readiness.

As we continuously strive to make sure that all of our children meet state standards, we will consistently: adjust classroom instruction via technology and differentiated instruction to meet the needs of all diverse learners; raise the level of involvement of parents in the education of their children; encourage our students to always strive to do their best; provide on-going professional development for all faculty and staff; and continuously assess student progress with mastery of standards and end results to ensure that all students are academically successful.
