SIC Summary Report

While serving 833 students in Pre-Kindergarten through fifth grade, Marshall Elementary provides differentiated and challenging curriculum for all students. Our population includes students with a variety of backgrounds and abilities. Due to this diversity and the number of students on our campus, the 2013 -2014 SIC has set long term goals for the next three years for Marshall Elementary. These goals include solving the safe delivery and pick up of students at Marshall Elementary, increasing technology for all students in every classroom, and providing more after-school opportunities for students. The 2014-2015 SIC extended these three goals by adding school beautification as a goal.
