

Easley High School

Dear Easley High School Families,

Since 1905, Easley High School has proudly upheld its tradition of “Character First, Then Scholarship.” Through our mission of helping every student “Find Your E,” we remain committed to preparing students for success in college, careers, or military service while developing the World Class Skills outlined in the Profile of the South Carolina Graduate.

The 2025–2026 school year has been marked by continued growth and achievement. Our students and staff have demonstrated tremendous dedication, resulting in continued academic progress and anticipated gains in our graduation rate. We remain focused on academic excellence through data-driven instruction, equity, and personalized support to help every student reach their full potential.

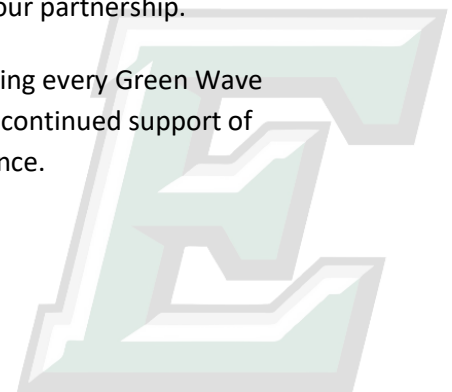

This year, our school improvement efforts centered on strengthening communication, academic achievement, and community partnerships. We expanded opportunities for family engagement through school events, service opportunities, and increased communication regarding college and career readiness. A major focus was the implementation of our “Character First” behavior system, which established consistent expectations and a common language for positive behavior across the school.

Easley High School also celebrated success beyond the classroom. Students excelled in the arts, athletics, NJROTC, Youth in Government, and Student Council, representing our school with pride across the state. We also expanded opportunities for remediation, enrichment, and student involvement through clubs and extracurricular activities during the school day.

The success of this year is due in large part to the strong relationships that exist within our school community. Easley High School thrives because of the collective efforts of our students, staff, families, and community partners. This collaboration creates a safe, inclusive, and inspiring environment where students are supported academically, socially, and emotionally. The trust and involvement of our families play a critical role in everything we do, and we are deeply grateful for your partnership.

As we look ahead, we remain committed to continuous improvement and ensuring every Green Wave student is prepared for future opportunities and challenges. Thank you for your continued support of Easley High School and for being an essential part of our journey toward excellence.

Sincerely,
Dr. Josh Oxendine
