

School District of Pickens County

Building success beyond the classroom

SIC- School Improvement Council- Report to Parents on April 18, 2023.

Based on our State Testing results from May of 2022, Ambler did well on the Academic Performance section in grades 3,4,5 with a “Good Rating” but scored a “Needs Improvement Rating” on our Growth section. So we set a Goal this year of Striving to make better growth in Reading and Math as we move our students from 3rd to 4th Grade as well as from 4th to 5th Grades. Our MAP scores this year in 22-23 have showed some good gains in Reading and Math overall. We know we need to focus on improving Growth in 5th grade Math during the 23-24 school year which are in our Improvement Plan for the 23-24 school year and future years after in our 5 year Strategic Plan.
