**Support Staff-** 27 (includes After School Care)

**Classrooms-**

Six Mile Elementary is helping students develop world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a quality education in a safe and caring environment. Our highly qualified teachers provide a quality education by implementing the latest research and best practices. Rigorous instruction based on state standards provides our students with hands-on opportunities to build strong foundational and conceptual skills.

The use of technology through STEM and Project Based Learning gives our students real world connections to learning and encourages them to be more active in their individual learning and allows students to apply skills and demonstrate their understanding of material based on research conducted and products created. STEM activities provide students with opportunities to work collaboratively to brainstorm, plan, and design creative solutions to STEM-based challenges.

We provide character education that focuses on the development of the whole child. We believe good character is the cornerstone in building the foundation that our students need to become successful in life. The 7 Habits of Happy Kids and Chick-fil-A's Core Essentials are embedded in all that we do. Other activities include daily Words of Wisdom and monthly Best of the Nest Celebrations. These activities encourage life and career characteristics students need for success in the 21st century. Developing students who will use their education to serve others and make our world a better place is our ultimate goal.

### Six Mile Elementary

2022-2023 Overall Rating

**Excellent**  
**63**

School performance substantially exceeds the criteria to ensure all students meet the Profile of the SC Graduate

**Phone:**
