The mission of *Diamond Hill Elementary School* is to challenge students every day to learn and to be a shining success in school and in life.

## Our beliefs:

Student learning is the chief priority for the school.

Each student is a valued individual with unique physical, social, emotional and intellectual needs.

All students can learn.

The commitment to continuous improvement is imperative if our school is going to enable students to become confident, self-directed, lifelong learners.

Exceptional students require special services and resources.

Curriculum and instructional practices should incorporate a variety of learning activities to accommodate differences in learning styles.

A student's self-esteem is enhanced by positive relationships and mutual respect among and between students and staff.

Teachers, administrators, parents and the community share the responsibility for advancing the school's mission.

The Antreville and Lowndesville Fire Departments do our "Fire Day" that our students look forward to each year!

With an "excellent" report card rating the past 5 years, learning does not always come from a textbook. Our 3<sup>rd</sup> graders used watermelon seeds to study "force" and "measurement", compare metric and standard, and to have fun learning!

We feel that Diamond Hill is more than a school, it's a family! We have former students who return frequently to visit their "old" teachers, with whom they have formed a life-long bond. Diamond Hill is a feeder school to Dixie High School, and our students are still "ours" as many faculty members are involved in Dixie activities after school hours. It is always exciting to watch our students grow beyond here in all aspects of their academic, social, and athletic lives.
