2025-2026 in Review

- A balanced literacy/response to intervention block was established for all grade-levels. This 30 minute block is scheduled during the school day to provide teachers with additional time to work with students one-on-one and in small differentiated groups on areas of weakness as identified by MyIgdhis, SC Ready, STAR Reading, iReady Math, BAS, and other assessments.
- All faculty members are able to assess how students are doing on common assessments and state testing administration. Student data cards are also used.
- Teachers analyze assessment data via Mastery Connect and mapped students' performance from the beginning of the school year to the years' end in effort to determine students' growth and as a means for providing targeted lesson based on students' academic needs. Students were also provided feedback on their performance.
- Continuous implementation of Lexia Core 5, Freckle and iReady is being used to improve reading and math achievement scores.
