### TECHNOLOGY

Our classrooms have Smart Boards, student computers, and projectors. Our school has three classroom sets of iPads and four classroom sets of laptops for student instruction. In the 2015-2016 school year, we rolled out the DLE (Digital Learning Environment) supported by the District. This initiative allows each student to have a laptop. This will help prepare our students to be college and career ready. Teachers incorporate technology in ways that promote student engagement. The use of technology allows students to experience real world scenarios.
