Progress toward Academic Achievement and Growth and Challenges of the COVID 19 Pandemic

Due to the COVID-19 pandemic schools closed on March 13, 2020. Concord, like all schools in Anderson School District Five, switched to eLearning for the remainder of the school year. Consequently, schools were not able to administer SC Ready for ELA and Math or SCPASS for Science. All schools maintained their overall rating from 2019 and were not rated in all other areas.

The COVID-19 pandemic created many changes for the 2020-2021 school year. Parents had the options of sending their children to Concord for face-to-face instruction or enrolling their children into the Anderson School District Five Virtual Academy. Additionally, some parents opted to homeschool their children. When the school year began three Concord teachers were sent to teach virtually based on the number of students enrolled in the Virtual Academy and enrolled face-to-face at Concord. After the first semester parents had the option for their children to return to face-to-face instruction or enroll in Virtual Academy. Two teachers returned from Virtual Academy to teach face-to-face instruction. The chart below shows how student enrollment has changed throughout the year.

Fall 1 st Semester 2020-2021	
Mode of Instruction	Number of Students
Face-to-Face	427
Virtual	134
Winter 2 nd Semester 2020-2021
