At Sandel Elementary our motto this year is "Keep It Visible"!

Teachers have been working alongside professional Cathy Lassiter to add clarity to our lessons to promote student growth and achievement. We drive our lessons by posting our Learning Intentions and Success Criteria for each content area. As you enter classrooms you will see the statements, "Today, I am learning..." and "I know I have learned it when..." By referencing our learning intentions and success criteria throughout our lessons students are clear on what they are learning. They are able to reference the posted success criteria to self-assess where they are.

At Sandel, we thrive on delivering intentional explicit instruction by applying our Visible Learning strategies.

MAKE IT VISIBLE!
