## School Highlights & Awards

Lonnie B. Nelson has a rich 49 year history of providing a quality education for children. Six years ago we adopted as our motto, "A community of learners united in helping ourselves, others, and our world." As such a community, we have a strong character education program that emphasizes LIFESKILLS and Lifelong Guidelines and are looking to integrate the 7 Habits of Highly Effective People. We reach out to our community through service learning projects and we help our world through service learning projects and we help our world through our many recycling programs. Our goal is to have students become life-long learners and responsible citizens, acting globally and locally.

Academy For Civic Engagement is a school-within-a-school magnet at Lonnie B. Nelson. The focus for the ACE magnet is building student leadership through government, economics and service learning. Students have the opportunity to run for an elected position, learn entrepreneurship skills, participate in Mini-Society, identify and solve problems through Project Citizen and participate in numerous service learning projects that connect
