School Highlights & Awards

As a school wide magnet, E. L. Wright Middle School is dedicated to our core goal: providing an academically engaging and relationship building environment that, in three years, will produce students who are ready for high school. We believe that this confident readiness can be achieved, in part, through the International Baccalaureate curriculum which pushes students to think deeply and analytically on both a local and global frame of reference. In addition, our students use technology to engage learning in the information age.

Magnet - Leadership Academy at Wright (LAW). The Leadership Academy at Wright is an innovative academic program with a strong integration and emphasis on developing and cultivating leaders. It couples the Core Knowledge curriculum with an emphasis on leadership skills.
