SIC Goals and Achievements

Leader in Me

In conjunction with our well established LIFESKILLS and Life-long Guidelines, we emphasize student leadership as we embrace the Leader in Me philosophy utilizing the 7 Habits of Highly Effective People. Future goals will include additional opportunities to foster community engagement with SIC support.

AVID

For the 2017-18 school year, RTE expanded program implementation to Kindergarten through 5th grades (previously 3rd—5th). Five faculty members received AVID training during the spring semester, and five more will attend Summer Institute, including the Technology Learning Coach, Media Specialist, and School Counselor. Future goals will include additional training opportunities for primary grade level teachers.

Living Mission Statement

Teachers are collaborating to ensure we not only model the 7 Habits of Highly Effective People, but also increase opportunities for students to carry out our vision. These areas of focus include:
