Kelly Mill establishes an enriched learning environment of academic, personal, and social excellence. In alliance with students, parents, and the public, this scholastic community provides meaningful, quality education through comprehensive, integrated programs. Here students build self-worth and self-competence, thereby becoming contributing citizens to an ever-changing world.

School Hours

7:30 a.m. - 2:25 p.m.

## School Highlights & Awards

Building on the district's belief that all students can learn when immersed in a highly engaged environment, Kelly Mill Middle strives to enhance the learning environment for all students. We are very proud of our students' accomplishments this year. Kelly Mill had 30 Junior Scholars, as well as award-winning music programs. We also have competitive teams for Math Counts, Step Team, and Quiz Whiz. Our parent and community volunteers play a major role in the success of our school. They have contributed over 1600 hours of their time, and are steadfast in helping make our organization more dynamic and effective. The staff at Kelly Mill strives to provide our students with innovative, challenging work that inspires and encourages them to inquire about the world around them. The AVID Program accelerates student-learning and encourages inquiry-based teaching methods. We are a National AVID Demonstration site. We also use technology as an integral component of instruction. We offer one-to-one computing for all students. Each classroom has a Promethean Board, and all students have access to iPADS, TI-Inspire calculators, and Chromebooks to ignite their curiosity. Honors classes are available in all four core content areas: English, Math, Science, and Social Studies, and we have a business and economics magnet school, Kelly Mill INC., which is a competitive program for the academically gifted student. Educators at Kelly Mill are provided with resources and professional development to enhance their ability to promote student success.

## Goals for the next school year

- ◇ Focus on developing measurable, attainable goals using data
- ◇ Identifying students at every level and support teachers putting specific strategies in place for each student
- ◇ Support initiatives to support addressing the achievement gap
- ◇ Promote character development efforts by the school
- ◇ Promote initiatives to support teacher retention
- ◇ Encourage, monitor, and support parent and community involvement in school activities and programs
- ◇ Effectively promote public relations with parents and the community

### AVID Goals

- ◇ To Increase the number of eighth grade students that are enrolled in Algebra I or Geometry
- ◇ To increase the number of students in advanced courses that lead to college preparatory courses in high school
- ◇ To increase the number of male students participating in AVID
