From the Principal

“Saluda Primary is a place where we nurture thinkers and leaders.”

From the time that a student arrives on campus to the time he departs in the afternoon, learning is the first priority. Our focus on instruction is designed to make sure that children are engaged in purposeful activities all day long. Not only is each student preparing for the next grade level, he is learning essential skills that will allow him to be successful in college or careers beyond our school system.

We are proud of what our students accomplish. Thanks to our teachers, our parents, and our supportive community, Saluda Primary is continuing to help students meet and exceed expectations.
