Our parent's organization (PACE) continues to be a major part of our school. Working together, we are able to sponsor various events for our students. PACE is also able to contribute to some of our major projects such as school beautification and sponsored field trips for all students in pre-kindergarten - fifth grade. PACE provided steps down to the playground and a sidewalk for the safety and well-being of our students.

Community Outreach

- Our school community participates in commendable service learning projects. The American Cancer Society and American Heart Association have both benefited from our generous support.
- Weekly school and class newsletters are sent to keep parents up to date on all events.
- Blackboard Connect, a district-wide automated call system, notifies school community members of district and school happenings.

- Each grade level fully implemented Common Core State Standards.
- Fully implemented Balanced Literacy in all grades, K through 5th grade
- The computer lab is utilized for research, as well as practice skills in English Language Arts and Math along with NWEA'S Measures of Academic Progress (MAP).
- Assessment scores are evaluated to help recognize both strengths and weaknesses in the curriculum. This information is also used for helping students set improvement goals.
- All teachers participated in Professional Learning Communities (PLC). This initiative enabled teachers to work together to fine tune lesson plans so that we may better serve our students.
- Teachers focused on aligning our assessments to the Common Core State Standards.
- A monthly reading incentive program is underway for all grade levels to enhance their reading performance. This initiative encourages students to read for pleasure and for better comprehension.
