SIC Annual Goals

For the year of 2021-2022, the School Improvement Council (SIC) of Landrum High School continued its focus on student and teacher well-being during this unique school year. For the first time in our educational history, after two years of modified school operation, students have had to work to reacclimate to attending school in person for face to face instruction for the entirety of the school year. Due to this unique situation, many schools have had to adjust to changing regulations and requirements for pandemic in terms of quarantines and isolations to keep our students safe and provide a healthy learning atmosphere for all. The SIC focused on giving students and teachers the social and emotional support that they needed through the numerous unique challenges that we encountered this school year.

The SIC also worked diligently with our administrative staff to help redesign and modernize the Landrum High School seal. The goal was to incorporate numerous important areas

of our school, from academics and athletics to the arts and school pride, while giving the design a modern integrated appearance. The feedback from the SIC was invaluable in incorporating these key features into our school seal while also helping design a new format to modernize a design that will be utilized for years to come.

Student Achievement

- Graduation Rate 89.3%
- Average SAT Composite Score of 1050
- Average ACT Composite Score of 22.2
- Average PSAT Score of 1045

Our Beliefs

- Every student matters, every moment counts.
- All students can learn.
- We must instill pride in our students.
- We must create a sense of urgency concerning teaching and learning.
- Everyone must work together in order to improve.
- Everyone deserves to be treated with respect and fairness.
- We are in this together.
