MES Needs Assessment

English/Language Arts:

Continue to develop a supportive reading culture:

- Curriculum guides are continuously updated by the district to be used to support and enhance reading and math instruction based on the SC College and Career Readiness Standards.
- Implemented LLI and leveled guided reading groups based on iReady and Fountas and Pinnell leveling scores.
- Implemented daily independent reading in kindergarten through fifth grade.
- Additional funding has been allotted for expanded classroom libraries and leveled reading instruction.
- The Orton-Gillingham approach is a direct, explicit, multisensory, structured, sequential, diagnostic, and prescriptive way to teach literacy. The program has been implemented in all 4K-2nd grade classrooms as part of the district initiatives.
- MES staff members have had additional opportunities for professional growth through school-based trainings and refresher courses.
- After-school tutorial and enrichment programs and/or summer programs for identified students.

Math:

Enhanced instruction and approaches to accelerate learning:

- All faculty members participated in trainings regarding 4.0 Teaching Rubric and Differentiation.
- Implemented research based curriculums to enhance individual learning and growth through leveled instructional practices.
- Utilization of our Math Coach to help teachers strengthen the rigor of math instruction in our classrooms and on assessments.

Science/Social Studies:

Enhance instruction and approaches to accelerate learning:

- Continued integration of fiction and nonfiction reading opportunities for students.
- Working with our District Office, MES will integrate a district-wide science curriculum guide for grades 3-5.
- Provide hands-on opportunities for learning through growth of a vegetable garden and recycling team.
