

Special Programs and Activities

Special programs and activities are implemented for our students throughout the year. Our school-wide PBIS program (where all students are All-Stars) is emphasized daily on the Morning News broadcast and in classroom morning meetings. The following are special programs and activities that open doors to a variety of opportunities for LCP students and parents:

- Our Response To Intervention program enhances our overall Reading program by using data from Renaissance Learning that includes STAR Reading, MAP, and MAP Fluency tools to drive our reading enrichment programs for ALL students.
- Accelerated Reader builds a reading culture throughout our school and makes reading practice more effective for every student.
- Continuing P.T.O. meetings with Parent Orientation Night & Virtual Family Fun Nights are held to enhance parent involvement .
- An annual Related Arts night promotes the importance of an overall educational program that includes art, music, and physical education.
- Mentors from the Abbeville community and Abbeville High School students assist with the Character Education and reading programs.
- Character Education is an integral part of our school. Classroom guidance, small group sessions, individual counseling, mental health services, and reward celebrations all enhance this program.
- The YMCA has started a full-day daycare at the school that Will be very helpful in preparing students to enter school

Promoting excellence in academics, as well as overall student performance is recognized at L.C.P. by All-STAR celebrations, Student of the Month recognition, Honor Roll and Accelerated Reader celebrations. As we strive towards improving the success of all students at Long Cane Primary by raising the performance level and continuing to provide sound instructional practices for all, we know that we will make necessary gains for preparing our students to “Be a Success in School and in Life.”

*The Mission of Long Cane Primary School
is to promote student learning by challenging and
guiding students toward a successful transition to a
higher level of learning.*

Responsibility Self-Control
Cooperation

Friendship/Kindness Respect
Giving

Honesty Courtesy/Manners
Patience

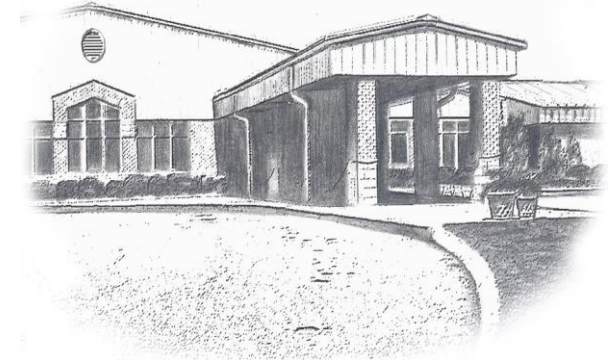

LCP recognizes that character education is an integral part of a child’s academic and social-emotional development. Our teachers, staff, and parents work together to make our character education program an important component of every student’s everyday life. Character education is incorporated in this learning process through our school-wide PBIS behavior system, “Student of the Month,” Abbeville High School mentors, daily classroom meetings, classroom guidance lessons, character links, monthly news-letters, and All-STAR weekly celebrations.

LCP is a Title I School

Dear Parent/ Guardian,

Long Cane Primary is dedicated to giving students a safe and loving environment! With this, along with the dedication of our faculty and staff, learning will be accomplished. We certainly hope and expect to have parents involved and supportive of this process.

Schools, as has the world, have faced many changes in the past few years. Children are why we're here, and that has not changed. It is my goal that every child that enters our school is made to feel safe and cared for socially, emotionally, and academically. As the world returns to normal, we are happy to welcome parents into our school to be a part of their child's education.

As a facility, we have improvements in our HVAC and lighting that make for a more pleasant environment. As always, our custodial staff will strive to keep our building clean and inviting! New playground equipment is scheduled to be installed this year for our students.

Most importantly, our students have a desire to learn! Putting all of these qualities together will ensure the success for our students' future!

Thank you for all of your help and support,
Todd Ramey
Principal

Our School

Long Cane Primary School is located in historic Abbeville County on Highway 72 East. Our primary school serves a population of 377 students in grades 3K through 2nd. Our educators provide standards-driven classroom instruction, supplemented with a variety of programs that include classroom interventions, two instructional computer labs, Resource classes, ESOL, and a school-wide Title I plan.

Our goal is to focus on continuous improvement in the total learning environment through our school's mission, goals, and priorities as related to our School Improvement and Title 1 plans. We are fortunate to have positive parent and community support for the overall academic success for our students.

Expect More. Achieve More.
